**AFFIDAVIT OF ICE SPECIAL
AGENT TEDD DEKREEK IN
SUPPORT OF SEARCH
WARRANT APPLICATION**

I, Tedd Dekreek, Special Agent, U.S. Immigration and Customs Enforcement, being duly sworn, hereby depose and say:

PURPOSE

1. This affidavit is made in support of eight applications for search warrants for federal agents to search the following eight cellular telephones for electronic data that constitutes evidence of the commission of a criminal offense, and electronic data which is and has been used as the means for committing a criminal offense: (1) one Motorola Boost cellular telephone (Serial Number 364VEYND38, Model Number H75XAH6RR3AN, FCC ID AZ489FT5827); (2) one Telefonica Movistar cellular telephone (Model TSM1, IMEI Number 354681005581789), (3) one Alcatel cellular telephone (FCC ID RAD016, Number E157A-5ATGMX2, Number 010604007123836); (4) one Motorola V60i cellular telephone (DEC 05210098200, FCC ID IHDT56AS1); (5) one Motorola i850 cellular telephone (Serial Number 364VFQQGLD); (6) one Samsung cellular telephone (Model Number SPH-A620, FCC ID A3LSPHA620, Number 04003322862, Number 2832B3EE); (7) one Samsung cellular telephone (Model HSPH-A840, FCC ID A3LSPHA840, Number 03210034977); and (8) one Samsung cellular telephone (DSN DEC Number 00405066309, ESN HEX 044D4E4557, FCC ID AEZSCP-82H), all seized as evidence during the execution of the search warrant at 4926 Auburn Drive, San Diego, California. The specified telephones are currently in the possession of United States Immigration and Customs Enforcement, Otay Mesa, California.

EXPERIENCE AND TRAINING

2. I am a Special Agent (SA) with United States Immigration and Customs Enforcement (ICE) and have served in that capacity since December of 2002. Prior to that, I served as an Immigration Agent (legacy United States Immigration and Naturalization Service)

from May, 2001, to December, 2002. Prior to that, I was an Immigration Inspector from August, 1996, to May, 2001. I am currently assigned to a Human Trafficking unit for the Resident Agent in Charge San Ysidro, California. In the course of my duties, I investigate, apprehend and prepare cases for prosecution against persons involved in the bringing in of undocumented aliens into the U.S., the transportation and harboring of undocumented aliens within the U.S., and the utilization of illegally obtained, counterfeit, altered or genuine immigration documents by undocumented aliens.

3. Additionally, I have received on-the-job experience and training relative to detecting evidence of illegal smuggling of persons (and narcotics) into the U.S., the transportation of illegal aliens within the U.S., and related criminal offenses. This training included working and consulting with senior agents from both ICE and other federal law enforcement agencies, interviewing suspected and convicted alien smugglers, and conducting surveillance of activities related to alien smuggling. I have used this training in the performance of my duties as a criminal investigator.

4. I have investigated numerous alien smuggling organizations during the course of my employment with ICE. I have been involved in investigations that have resulted in several alien smuggling arrests, many of which also led to seizures of vehicles and currency. I have also participated in the execution of several federal search warrants and federal arrest warrants, the majority of which were related to alien smuggling.

5. This affidavit does not contain all the information known to federal agents regarding this investigation. Rather, it contains only those facts believed to be necessary to establish probable cause.

6. Based upon my training and experience as a Special Agent, consultations with other agents and law enforcement officers experienced in alien smuggling investigations and all the facts and opinions set forth in this affidavit, I submit the following:

a. Alien smugglers and alien smuggling organizations utilize cellular phones because they are mobile and they have instant access to phone calls and voice mails.

b. Alien smugglers and organizations believe that cellular phones provide greater insulation and protection against law enforcement investigations because they believe in the inability of law enforcement personnel to simultaneously track the originating and destination phone numbers of calls placed to and from their cellular phones.

c. ICE agents will deliver the cellular phones to cellular phone forensic examiners at the SAC San Diego Forensics Group. These examiners may be able to determine the PIN, turn on the cellular phone, and retrieve data from the cellular phone. Unlike computers, cellular phones do not have hard drives and store information in volatile memory. Current technology does not provide solutions for imaging the data stored in cellular phone memory. Consequently, the phone will have to be powered up and turned on by a forensics examiner. The examination may be delayed due the lack of appropriate charging devices. The examiner will need to manually examine the cellular phone and its functions and record their findings using digital photograph. This process is time and labor intensive and, depending upon the workload of the few certified cellular phone forensic examiners available, may take weeks or longer.

FACTS SUPPORTING PROBABLE CAUSE

A. OVERVIEW

7. Beginning in approximately January, 2006, U.S. Border Patrol Agents working in the San Diego Sector became aware of an alien smuggling organization ("ASO") headed by Jose

Luis NARANJO-Ramirez (a.k.a. "El Sorgia"). NARANJO smuggles aliens through unmanned areas along the southwest border. Once in the United States the illegal aliens are temporarily housed at "drop houses." One of the "drop houses" utilized by NARANJO was run by Luis Manuel BECERRA-Martinez (a.k.a. "La Condesa.") BECERRA is known to house illegal aliens for several ASOs, one of which is NARANJO's.

B. SIGNIFICANT EVENTS

8. On April 6, 2006, Agents conducted a consensual search of 5540 Olvera Ave., San Diego, California and discovered eight undocumented aliens. BECERRA, the tenant and caretaker of the residence, admitted to being engaged in harboring aliens.

9. On July 26, 2006, Agents again approached the residence located at 5540 Olvera Ave., San Diego, California. BECERRA answered the door and gave consent for agents to search the premises. Four illegal aliens were discovered. In addition, agents found several items suspected to be related to alien smuggling, including smuggling ledgers listing numerous alien smuggling organizations, including the "Sorgia" organization, pay/owe sheets, fraudulent permanent resident cards, fraudulent social security cards, and a DayPlanner organizer with numerous names, phone numbers and addresses.

10. On January 15, 2008, Special Agents of Immigration and Customs Enforcement and U.S. Border Patrol Agents executed an arrest warrant for Luis Manuel BECERRA at his residence located at 4926 Auburn Drive, San Diego, CA. See Attachment 1. During the execution of the arrest warrant, BECERRA fled to his neighbor's house, where he was apprehended. The arrest warrant was obtained pursuant to a grand jury indictment for a violation of Title 8, United States Code Section 1326. BECERRA had been identified through the course

of an investigation as being an alien previously deported from the United States and involved in alien smuggling.

11. On January 15, 2008, following the arrest of Luis Manuel BECERRA, a search warrant was obtained for the premises known as 4926 Auburn Drive, San Diego, CA. See Attachment 2. This search warrant authorized agents to seize, among other items, communications equipment such as pagers, cellular telephones and digital telephones. Eight cellular phones were seized from the residence.

12. On January 15, 2008, Luis Manuel BECERRA was advised of his Miranda rights and agreed to answer questions without an attorney present. BECERRA admitted to harboring aliens in the past. He stated that when people call asking how much it will cost to cross a family member or friend into the United States, he tells them the price that he thinks it will cost. Then he calls the alien smuggling organization, and if they quote a lower price for the smuggling fee, BECERRA keeps the difference.

DESCRIPTION OF PROPERTY / ITEMS TO BE SEARCHED

13. The property / items to be searched are further described as: (1) one Motorola Boost cellular telephone (Serial Number 364VEYND38, Model Number H75XAH6RR3AN, FCC ID AZ489FT5827); (2) one Telefonica Movistar cellular telephone (Model TSM1, IMEI Number 354681005581789), (3) one Alcatel cellular telephone (FCC ID RAD016, Number E157A-5ATGMX2, Number 010604007123836); (4) one Motorola V60i cellular telephone (DEC 05210098200, FCC ID IHDT56AS1); (5) one Motorola i850 cellular telephone (Serial Number 364VFQQGLD); (6) one Samsung cellular telephone (Model Number SPH-A620, FCC ID A3LSPHA620, Number 04003322862, Number 2832B3EE); (7) one Samsung cellular telephone (Model HSPH-A840, FCC ID A3LSPHA840, Number 03210034977); and (8) one

Samsung cellular telephone (DSN DEC Number 00405066309, ESN HEX 044D4E4557, FCC ID AEZSCP-82H).

DESCRIPTION OF PROPERTY / ITEMS TO BE SEIZED

14. Based upon my experience and training, and all of the facts and opinions set forth in this affidavit, I believe that the following items will be found in the locations to be searched described in paragraph 13, supra:

- a. the telephone numbers and/or direct connect numbers and names or identities assigned to those telephones;
 - b. telephone numbers, names, and identities stored in the directories;
 - c. telephone numbers and/or direct connect numbers dialed from the telephones;
 - d. all other telephone numbers stored in the telephones' memory (including, but not limited to: received, missed and incomplete calls);
 - e. any other electronic information in the stored memory and/or accessed by the telephones (including, but not limited to: text messages, voice messages, and memoranda) relating to violations of Title 8, United States Code, Section 1324;
 - f. any electronic photographs, voice recordings, voice notes, calendar information;
- and
- g. all subscriber information;

which evidences the existence of a conspiracy to smuggle aliens into the United States.

CONCLUSION

15. Based upon my experience and training, consultation with other agents in alien smuggling investigations, consultation with other sources of information, and the facts set forth herein, I know that the items to be seized set forth supra in paragraph 14 and described in

Attachment B are likely to be found in the location to be searched set forth supra in paragraph 13 and described in Attachment A.

I, Jose Gonzalez, being duly sworn, declare and state:

INTRODUCTION

1. I am a Special Agent with the United States Immigration and Customs Enforcement (ICE) and have served in that capacity since December 2006. Prior to that I served as an Immigration Inspector for Customs and Border Protection (legacy United States Immigration and Naturalization Service) from September 2002 to December 2006. I am currently assigned to a Human Trafficking unit for the Resident Agent in Charge at San Ysidro, California. In the course of my duties, I investigate, apprehend and prepare cases for prosecution against persons involved in the bringing in of undocumented aliens into the U.S., the transportation and harboring of undocumented aliens within the U.S., and the utilization of illegally obtained, counterfeit, altered or genuine immigration documents by undocumented aliens. Additionally, I have received on-the-job experience and training relative to detecting evidence of illegal smuggling of persons (and narcotics) into the U.S., the transportation of illegal aliens within the U.S., and related criminal offenses. This training included working and consulting with senior agents from both ICE and other federal law enforcement agencies, interviewing suspected and convicted alien smugglers, and conducting surveillance of activities related to alien smuggling. I have used this training in the performance of my duties as a criminal investigator. I have investigated multiple alien smuggling organizations during the course of my employment with ICE and, to some extent, with CBP. I have been involved in investigations that have resulted in several alien smuggling arrests, many of which also led to seizures of vehicles and currency. I have also participated in the execution of several federal search warrants and federal arrest warrants.

2. This affidavit supports an applications for a warrants to search and seize evidence from the premises commonly known as 4926 Auburn Dr., San Diego, California (herein referred to as "TARGET RESIDENCE.") The **TARGET RESIDENCE** is described in more detail in Attachment A-1 and pictured in Attachment A-2 attached hereto and incorporated herein by reference.

3. Based on information below, I have probable cause to believe that the property described in Paragraph 2 contain evidence of a crime; contraband, fruits of a crime, and other items illegally possessed; and property designed or intended for use or which was used in committing a crime.

1 Specifically, I have probable cause to believe that within the above properties is evidence of alien
2 smuggling in violation of Title 8, United States Code Section 1324, and conspiracy to do same.

3 4. The evidence to be searched for and seized is listed in Attachment B to the search warrant
4 application, incorporated herein. Based on my training and experience, as detailed above, and on
5 information obtained in the course of this investigation, as detailed below, I believe there is probable
6 cause to believe that the items listed in Attachment B will be found at the **TARGET RESIDENCE**
7 described in Attachment A-1 and pictured in Attachment A-2.

8 5. The following is based on my own investigation, oral and written reports by other law
9 enforcement officers, physical and electronic surveillance, interviews, subpoenaed and public records,
10 database checks, searches, phone analysis, and other investigation. Since this affidavit is for a limited
11 purpose, I have not included every fact I know about this investigation. I set forth only facts necessary
12 to establish foundation for the complaint and requested search and seizure warrants. Conversations
13 below are set forth in substance unless noted, and most call descriptions are based on summaries
14 prepared by monitors, not final transcripts. Dates and times are approximate.

15 PROBABLE CAUSE

16 A. OVERVIEW

17 6. The investigation involves a joint effort by ICE and the U.S. Border Patrol into an alien
18 smuggling organization (ASO) operating in and throughout San Diego County and Mexico. This
19 organization utilizes the California ports of entry and other areas unmanned by designated officers.
20 Beginning in approximately January, 2006, U.S. Border Patrol Agents working in the San Diego Sector
21 became aware of an ASO headed by Jose Luis NARANJO-Ramirez (a.k.a. "El Sorgia"). NARANJO
22 smuggles aliens through unmanned areas along the southwest border. Once in the United States the
23 illegal aliens are temporarily housed at "drop houses." One of the "drop houses" utilized by NARANJO
24 is run by Luis Manuel BECERRA-Martinez (a.k.a. "La Condesa.") BECERRA is known to house illegal
25 aliens for several ASOs, one of which is NARANJO's.

26 B. SIGNIFICANT EVENTS

27 7. On April 6, 2006, Agents conducted a consensual search of 5540 Olvera Ave., San Diego,
28 California and discovered eight undocumented aliens. BECERRA, the tenant and caretaker of the

1 residence, admitted to being engaged in harboring aliens for \$30.00 per alien.

2 8. On July 26, 2006, Agents again approached the residence located at 5540 Olvera Ave.,
3 San Diego, California. BECERRA answered the door. When agents asked if they could come inside,
4 BECERRA replied "sure, no problem." BECERRA gave consent for agents to search the premises.
5 Four illegal aliens were discovered. In addition, agents found several items suspected to be related to
6 alien smuggling, including smuggling ledgers listing numerous alien smuggling organizations, including
7 the "Sorga" organization, pay/owe sheets, fraudulent permanent resident cards, fraudulent social security
8 cards, and a DayPlanner organizer with numerous names, phone numbers and addresses.

9 9. On June 19, 2007, a confidential source, hereinafter referred to as CS-1^{1/}, provided
10 information to Agents. CS-1 stated that he knows "La Condesa" because "La Condesa" lives in the
11 apartment unit directly above CS-1's uncle. CS-1 stated that on June 17, 2007, he was contacted by "La
12 Condesa" to pick up aliens near the Border Field State Park. "La Condesa" instructed CS-1 to bring the
13 aliens to "La Condesa's" house at 4926 Auburn Dr., San Diego, California. CS-1 accompanied agents
14 to "La Condesa's" residence and showed agents the **Target Residence**. CS-1 stated that the load
15 vehicles used to transport the illegal aliens to and from **Target Residence** park on the driveway rather
16 than utilize the dirt road located behind the residence. CS-1 also identified two vehicles owned and/or
17 driven by "La Condesa" that were parked at the residence – a burgundy 1994 Ford Explorer (5WUL058)
18 and a red 1998 Ford Mustang convertible (3WWF610).

19 10. On June 23, 2007, U.S. Border Patrol Agents apprehended BECERRA at the Border Field
20 State Park. BECERRA was the driver of a Red Ford Explorer bearing California license 5WUL058.
21 Agents observed individuals running away from said vehicle as he approached. The passenger of the
22 vehicle admitted that she and BECERRA were at the park to pick up illegal aliens. Records checks
23 revealed that the Explorer was registered to Luis BECERRA, 4926 Auburn Drive, San Diego, CA,
24 although the vehicle has a Release of Liability to Martin Gonzalez, Tijuana, Mexico with a receipt date

25 _____
26 ^{1/} CS-1 is an unpaid source who provided information after being apprehended on June 19,
27 2007, as a driver of a vehicle found to contain four illegal aliens. CS-1 agreed to cooperate with agents.
28 CS-1 has an immigration history which includes several prior removals from the United States.
Information provided by CS-1 is consistent with and has been corroborated by other sources and
additional investigation. As far as agents are aware, CS-1 has never knowingly provided false
information to law enforcement while cooperating with agents. At this time, CS-1 is considered reliable.

1 of July 31, 2007, and a transfer date of June 12, 2007.

2 11. On September 6, 2007, a second confidential source, hereinafter referred to as CS-2,^{2/} was
3 interviewed by agents. CS-2 agreed to cooperate with agents and provided information of an alien load
4 house in San Diego operated by an individual known as "La Condesa." CS-2 stated that he has met "La
5 Condesa" a few times and identified Luis Manuel BECERRA-Martinez as "La Condesa."

6 12. On September 10, 2007, a third confidential source, hereinafter referred to as CS-3,^{3/} was
7 apprehended by agents. CS-3 stated that he has been driving load vehicles for an alien smuggling
8 organization for about three months. CS-3 agreed to take agents to the residence that he believed to be
9 the residence of the smuggler. CS-3 first described a location that matched the description of 4926
10 Auburn Dr. and then led agents to the **Target Residence**, which matched the description he had
11 previously given.

12 13. On October 10, 2007, agents observed a red Ford Mustang bearing California License
13 3WWF610 parked on the driveway ^{at the TARGET Residence P.J.}. Records checks revealed that this vehicle is registered to Luis M.
14 BECERRA at 4926 Auburn Dr., San Diego, California.

15 14. On January 15, 2008, I observed BECERRA at the Target Residence. Other agents saw
16 BECERRA exit the **TARGET RESIDENCE** to check the mail. Agents arrested BECERRA pursuant
17 to an arrest warrant based on a previously filed indictment in case number 07cr3442-JAH. I observed
18 one individual jump from the balcony at the back of the Target Residence. The individual began to flee
19 from the **TARGET RESIDENCE** and was apprehended by agents from Immigration and Customs
20 Enforcement and Border Patrol. Based on the facts set forth in the preceding paragraphs, agents believed

23 September 6, 2007, guiding six illegal aliens into the United States. CS-2 agreed to cooperate with
24 agents. Information provided by CS-2 is consistent with and has been corroborated by other sources or
25 additional investigation. As far as agents are aware, CS-2 has never knowingly provided false
information to law enforcement while cooperating with agents. At this time, CS-2 is considered reliable.

26 ^{3/} CS-3 is an unpaid source who provided information after being apprehended on
27 September 10, 2007, while he was waiting to pick-up and transport a group of 10 illegal aliens into the
28 United States. CS-3 agreed to cooperate with agents. CS-3 has a criminal history which includes arrests
for the possession of a controlled substance and misdemeanor convictions for burglary. Information
provided by CS-3 is consistent with and has been corroborated by other sources or additional
investigation. As far as agents are aware, CS-3 has never knowingly provided false information to law
enforcement while cooperating with agents. At this time, CS-3 is considered reliable.

1 the individual was illegally in the United States. Therefore, a field interview was conducted of the
2 individual, who identified himself as Abraham Miranda MARTINEZ (DOB: 10-9-83). MARTINEZ
3 stated that he ran from the agents because he was a citizen of Mexico of no documents to be in the
4 United States legally.

5 15. From my training and experience, I know persons engaged in alien smuggling sometimes
6 keep at their residence the items in Attachment B. In particular, I am aware that persons who illegally
7 transport and harbor aliens sometimes keep at their residence or other locations where they commonly
8 engage in alien smuggling activity, records relating to their criminal activity, including, but not limited
9 to, names of participants of alien smuggling; lists containing names of smuggled aliens along with their
10 destination and fees paid or fees to be paid; registrations, title records and rental contracts of vehicles
11 used in the smuggling and transporting of undocumented aliens; financial and banking records recording
12 the receipt of money from smuggling and the transfer and concealment of said money; telephone tolls
13 and communication equipment used to make calls relating to alien smuggling arrangements; and
14 documents and receipts evidencing temporary lodging of undocumented aliens. It is also my experience,
15 and the experience of law enforcement officers with whom I have worked, that undocumented aliens'
16 passports, identity documents, and other property belonging to aliens are often left behind at locations
17 where they have been transported or harbored. Such documents and property are left behind because
18 the aliens are often moved from one location to the other with little advance notice. In most cases,
19 smugglers collect such documents and property from the aliens to conceal their citizenship and identity
20 if apprehended and/or questioned by law enforcement personnel.

21 16. The investigation into the criminal activities of the above individuals reveals that their
22 alien smuggling activities are ongoing. Due to the frequency and volume of aliens being smuggled, the
23 number of organizations BECERRA is working for, and the relatively sophisticated manner in which
24 the above individuals conduct their illegal activities, I believe they have been engaged in the illegal
25 smuggling and harboring of aliens for a long period of time. Based on my training and experience, I
26 believe that the criminal activity described above is, by nature, self-perpetuating.

27 17. Based upon my experience and training, consultation with other law enforcement officers
28 experienced in alien smuggling investigations, and all the facts and opinions set forth in this affidavit,

1 I believe that the items set forth in Attachment B, which evidence violations of the Title 8, United States
2 Code, Sections 1324, as set forth above, will be found at the above-noted locations. Based on the
3 aforementioned information and investigation, I believe that the described property in Attachment B will
4 be recovered when this warrant is served, thus I believe that the grounds for the issuance of a search
5 warrant exists for the **TARGET RESIDENCE**, which is more fully described in Attachment A-1 and
6 pictured in Attachment A-2.

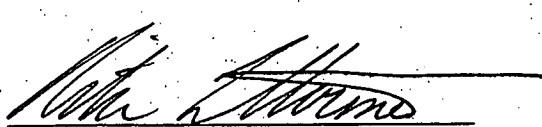

7 ~~18. SEALING REQUEST: Because this is an ongoing investigation and premature disclosure~~
8 ~~of the investigation and this affidavit could endanger agents and officers, cause suspects to flee, and~~
9 ~~cause the destruction of evidence, I request that this affidavit, the search warrants, the application for~~
10 ~~the search warrant, the attachments and all other associated court records be sealed until further court~~
11 ~~order.~~ *JS*

12 19. WHEREFORE, I request that the court issue a search warrant for the location in paragraph
13 2 to seize the items in Attachment B.
